

Propel your career to new heights

Project Management Professional (PMP) Preparatory Programme

(Based on PMBOK 5.0)

Introduction

Clearing the PMP certification exam is not the toughest thing on earth. While your experience and preparation matters, the approach you take is the single most important thing to achieve an easy pass. One should be aware the knowledge of the Tips & Tricks, slippery areas, deciphering the questions goes a long way in making your efforts fruitful. This course covers the framework of Project Management as well as the 5 Project Management Process Groups and the 47 component processes within the 10 Knowledge Areas of the PMBOK 5.0. Furthermore, the participants are challenged with “hands-on” exercises to gain confidence in taking up the PMP examination. Our courses have been designed to provide the PMP aspirants a better understanding of the how to prepare for the PMP exam and to equip PMP aspirants with what they „need-to-know” to pass the PMP Certification Exam.
